Westlake, Ohio 44145

Subject: Granville Solvents Site (GSS) Interim Response Action  
Revised Groundwater Data Maps

Dear Mr. Fredle:

As you may recall from the conference call Monday, June 20, 1994, I called your attention to errors in the Draft Maps sent to you on June 14, 1994 and June 16, 1994 that contained summaries of analytical data for groundwater samples. These errors included mis-labeling acetone results as 1,1-DCE for Hydropunch<sup>™</sup> sampling location HP-1.

I have taken the liberty to revise these maps (titled Hydropunch Sampling Locations and Monitoring & Temporary Well Sampling Locations) and provide you and the other recipients with copies. Please return the previously supplied maps using the enclosed self addressed postage paid envelopes.

If you have questions regarding this transmittal, please contact Mr. Gerald Myers or me.

Respectfully,

METCALF & EDDY, INC.
